It has been a remarkable 24-year journey that *the Snow Goose Festival of the Pacific Flyway* has taken from being a two-day festival with 12 field trips and 6 workshops to a four-day action-packed festival with over 60 field trips, workshops, and free family nature activities to choose from. The Festival celebrates the remarkable journey of millions of waterfowl and raptors along the Pacific Flyway, which call the Northern Sacramento Valley their home during the winter months.

Birding festivals are fun, and they are good for communities, bringing together a wide variety of local organizations and businesses that all work together. The popularity of these festivals has risen sharply over the past decade as communities realize the economic, educational, and conservation-related benefits of hosting one.

So, please ***Spread Your Wings in 2024*** by supporting our events and activities, large and small, that will make this festival the best it can be, now and for future generations. **Your power of giving is needed more than ever.**
